

Professional Development in Mathematics

The Institute of Leadership Training for Teaching Mathematics & Technology

Receive 60 hours toward your NYS requirement for professional development.	Totally tuition free. Participants receive a stipend upon completion.	Sponsored by a grant from the New York State Education Department.
---	--	---

Two separate teacher programs	
Grades 6-9 18 sessions held on Wednesdays from 4:30 - 7:30	Grades K-5 15 sessions held on Thursdays from 4:00 - 7:00
Start time may be adjusted at the first meeting.	

Two free programs designed to encourage the participation of novice teachers, teachers in high-need districts, and all other teachers who strive to improve their mathematical and pedagogical skills in order to become lead teachers in their district.

Supporting Organizations include: Departments of Math and Computer Science at SUNY OW, NCMTA, SCMTA, MOEMS, MoMath, and ATMNYC.

WHO IS ELIGIBLE

Teachers currently employed working in grades K through 5 or grades 6 through 9.

WHAT YOU WILL LEARN

Learn how to incorporate the 8 standards for mathematical practice as well as the 6 principles of learning as outlined by the Common Core State Standards.

WHERE

All classes will be held at the campus of SUNY College at Old Westbury (16 miles from NYC).

WHEN

Classes run from late September 2013 through May 2014.

WHY

Comments from past participants: "I received a deeper understanding of the math skills/topics that I teach my students", "My classroom instruction has changed a great deal", "My lessons are now more student-centered", "Student achievement has increased significantly".

The Institute of Leadership Training for Teaching Mathematics & Technology has continued to instruct teachers on Long Island and New York City since 1986. Participants will be instructed using the **Common Core State Standards** approach to learning with emphasis placed on a complete understanding of the presented material. All the instructors are highly qualified and have been teaching in the program for many years.
